Sanitized - Approved For Release : CIA-RDP60-00346R000100270005-7

CIA Reference Library

Criticism:

1. General feeling is that the physical layout and the cataloging system do not lend themselves to self-servicing and browsing. The numbering system seems overly complicated and requires ~~repeated~~ explanation to infrequent users.

Suggestions:

1. A "vest-pocket" size book of instructions with floor-plan.

2. Include in the ~~BIC~~ OI a tour thru the library for professional people.
